

brew guide: **FILTER DRIP BAGS**

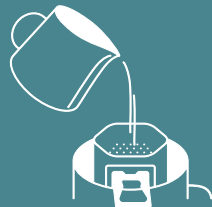

Enjoy awesome, no-fuss filter brew at home, at work or off the beaten track.

Have your fave mug ready.
Remove the biodegradable liner.
At the top of bag, tear open
along the perforated line.

Using the handles, pull apart
gently. Place bag in mug and
secure each handle over
the sides.

Slowly pour 200g boiled water
into bag, be sure to cover all
coffee. Wait for all water to drip
through. Enjoy!
